### Finish

White, dark brown, alternative standard RAL or BS colours at an extra cost

# Seceuro Range CD800 Built On

## Operational Specification

### Spring Loaded

A counter balanced spring ensures controlled raising and Lowering with a key lock in-built at the bottom of the shutter for Security.

### Single Phase Electric

Provision of a 13 amp fused spur is required for installation.

A tubular motor within the barrel assembly with limit switches and the thermal cut out to prevent overheating.

Draw 240 volts and 0.5 - 2.5 amps dependant upon the shutter size

### Control

Standard security keyswitch or rocker switch. Other controls are available on request.

### Override

A Manual override should be priced and ordered separately for Shutters which are to be installed on exit doorways to permit Operation in the event of a power failure. This is usually only Operable from only one side.
