## Seceuro Removable Security Window Bars

Award-winning, removable security window bars designed to deliver the highest level of security. Also available in a fixed security bar system for additional protection. White finish as standard, with RAL or BS powder coating on request. Recommended maximum width up to 3,000mm.

### Description

The award-winning removable security window bars SeceuroBar system features anti-cut steel bars which are securely locked into position to protect vulnerable window openings, but can be released from the inside to allow total vision or maintenance of windows. Suitable for installation in a horizontal or vertical format, SeceuroBar is finished to a high standard and delivers security which is quick and easy to install, yet highly effective in a range of locations.
